**Donations total March 2026: \$ 800.-.**

*Preliminary remark.* As of 1 January 2024, GMS has not received any direct income from work anymore. Up to and including January 2026, the GMS-chairman still did some private advisory work and donated the proceeds to GMS. However, due to a recent health-issue, the GMS-chairman has decided to also stop doing such private advisory work as of February 2026.

On 30 March 2026 there was a monthly *surplus* ad \$ 459.-. The surplus will be added to the General Fighting fund. The 'base-line' (general reserve-fund) remains at \$ 10,000.-.

There are now 4 court cases pending funded by GMS, *three* in 2025 and *one* in 2026 (two about industrial accidents, one about the granting of Dutch nationality and a *new* one in 2026 about eligibility for an AOV-benefit for the spouse of a pensioner). One of the industrial accident cases is a civil lawsuit. As we said before, this lawsuit was going to cost GMS considerably more than most GMS-funded cases. Fortunately, however, there is a positive development in this case. We have to wait and see. Will update as soon as appropriate.

There is still another case pending about 'social benefit to raise the Old Age Pension ('AOV') for some pensioners'. We had hopes that this case would end in an amicable settlement. That is not the case. We expect that the case will go to Court in May 2026. Another pending case has to do with the disproportional consequences of a so-called 'residence-gap' for immigrants. The IND (immigration office) has been contacted in an effort to reach a settlement. We have received word now that the IND will not settle this case. So, we are now preparing to take this case to Court. This is expected in June or July. Will update a.s.a.p.

Together with the Art-School/Art Gallery 'Sobremesa', GMS is organizing a public Art-Auction on 16 May of this year. GMS's own art-works (bought from local artists during the past 10 years) will be sold, but also many new artworks produced by local artists. This initiative has great potential for permanent funds-raising for GMS. We will see how this works out. More details later.

The electricity bills for the months of January thr. March 2026 were paid direct by GMS to the owner of the building. This will now always be done in this way. So, there are no reimbursements to the GMS-Chairman for these payments anymore. Note that we have discovered that we made a mistake in our calculation of the payments for January and February 2026. This will ne corrected in April.

Bank-Balance as at 31 March 2026 was: **\$ 40,488.-**. Bank-balance as at end February 2026 was \$ 40,029.- → Monthly surplus for March amounted to \$ 459.-.

Note. There is only one sub-tenant now. So, we only have to reserve \$ 250.- for possible repayment for when the remaining sub-tenant might end the rental agreement. So, as we reserved \$ 500.- for repayment of deposits, we now only have to reserve \$ 250.-. The other \$ 250.- will be added to the Gen. Fighting Fund.
